Welcome to Partsmart - the online parts store of the MOC.

MOC Ltd. has a strict policy of only selling parts to club members in order to qualify for certain tax concessions given to non-profit making clubs and associations by the UK tax authorities. If you are not a member, you can add a membership to your order and still order parts.

Parts shown in the web store may not always be in stock. You will not be charged for any parts not in stock. Your order will be confirmed by email invoice, which will list the total price and all parts that are in stock for your order. Payment is not requested until your order is confirmed.

For orders from UK residents the cost of postage and packing is included within the prices quoted. For orders from residents of other EU countries there may be an additional postage charge, which will be advised when your order is completed. For orders from residents of non-EU countries, where the transaction is not subject to Value Added Tax, the allowance for UK VAT within the price quoted will be applied to postage costs but there may be an additional postage charge which will be confirmed when the order is completed.

Read the Partsmart Q&A for further information.

If you have difficulty using the on-line ordering service or prefer not to use it you can download an order form that you can fax or post to our Partsmart Manager.
